Unable to Work! NO APPETITE! COULD NOT SLEEP!

Ayer's Sarsaparilla

COMPLETELY CURED HIM.

Mr. T. J. Clune, of Walkerville, Ade-
laide, South Australia, writes:

"Six years ago, I had an attack of
Indigestion and Liver Complaint
that lasted for weeks; I was unable
to do any hard work, had no ap-
petite, food distressed me, and I suf-
fered much from headache. My
skin was sallow and sleep did not
refresh me. I tried several reme-
dies and consulted a doctor, with-
out obtaining any relief. Finally,
one of my customers recommended
Ayer's Sarsaparilla. It helped me
from the first, in fact, after taking
six bottles I was completely cured,
and could eat anything and sleep
like a child."

LEGISLATURE IN SESSION.

FAVORABLE REPORT ON THE CALIFORNIA WINE BILL.

Rep. Robertson Wants to Know About
Reported Inter-Island Steamship
Discrimination on Freight.

SEVENTY-THIRD DAY, MAY 22D.

THE SENATE.

In the Senate this morning
Senator Schuchardt from the Com-
mittee on Commerce presented
the following report on Minister
Damon's bill concerning California
wines.

"Your Committee on Commerce
to whom has been referred the
Act to admit grape wines of less
than 18 per cent alcoholic strength
free of duty has carefully con-
sidered the same and begs leave to
report as follows: We favor this
act for two reasons: 1. Its ten-
dency to substitute light wines in
place of strong liquors, as far as
this can be done by cheapening
the former and so to promote
temperance. 2. The intention of
this Act to favor a California pro-
duct as much as the conditions of
this country permit it. We there-
fore recommend the passage of
the Act.

H. W. SCHMIDT,
W. N. HORNER."
Senator Baldwin adds the fol-
lowing rider to the report:
"I concur in this
passage of the Bill but
in my opinion the duty of wine
from 18 to 21 per cent alcoholic
strength should be raised say
from 15 cents to 25 cents a gallon.
Such an amendment would tend
still further to secure the object
of the bill, viz: to encourage the
introduction and use of the lighter
grades of wine. Under the
Bill all pure California wine,
which can easily be made to come
under 18 per cent alcoholic
strength, would come in duty free."

The report is laid over to be
considered with the bill.

The bills concerning re-appraise-
ment of homesteads, footbinding
and eminent domain passed third
reading.

The act defining the field and
staff officers of the military also
passed third reading.

Senate Bill 50, concerning re-
cords of births, deaths and mar-
riages, was referred to the Com-
mittee on Public Health and Edu-
cation.

A communication was received
from the House containing an
amendment to the Joint Resolu-
tion on annexation.

Senate Bill 51, concerning the
taking of water from the Wailuku
river was deferred until Monday.

At 10:35 the Senate adjourned.

SEVENTY-FIFTH DAY, MAY 22ND.

HOUSE OF REPRESENTATIVES.

Everybody present excepting
Rep. McBryde.

The Judiciary Committee filed
their report on House Bill No. 12,
advocating the passage of the bill
as amended; the amendment pro-
viding, in three additional sec-
tions, for the right of appeal from
the findings of a Board of Com-
missioners.

This is the bill which relates to
the condemnation of land in such
a state as to be deleterious,
through swamps, stagnant pools
or otherwise, to the public health.

The following communication,
addressed to Minister Cooper was
handed in:

(1) Are you aware that the two
Inter-Island Steamship Com-
panies are in the habit of discrim-
inating between different shippers
in the matter of freight rates
upon similar kinds of freight?

(2) Have said companies, any legal
right to so discriminate?

(3) Can the Executive do any-
thing to stop such discrimination.

Respectfully submitted,
A. G. M. ROBERTSON,
Rep. 4th Dist.

House Bill 41, appropriating
money to settle certain claims re-
maining unpaid on Dec. 31st,
1895; amounting to \$19,800, passed
third reading by a unanimous
vote.

House Bill No. 12 passed sec-
ond reading.

The following resolution was
submitted by the Joint Finance
Committee, Rep. Richards read-
ing:

"Be it resolved by the Senate
and the House of Representatives
that on and after Nov. 1st, 1896,
the sale of postage stamps, postal
cards, and stamped envelopes, is-
sued previous to the present
issue, shall cease at the post office,
after which date, all, if any, that
may remain, shall be destroyed.
And the President shall appoint a
committee of three [3] disinter-
ested persons, who shall serve with-
out pay, to act with the Minister
of Finance and Postmaster Gen-
eral, for the purpose of checking
off all remaining stock on that
date and see that on that date the
part of this resolution relating to
the destroying of the same is
strictly carried out."

Rep. Richards said that he thought
the Government might make a
good thing out of these stamps as
collectors and dealers all over the
world would certainly be anxious
to get them.

Rep. Kamanoha proposed mak-
ing the date Dec. 31st. Seconded
by Rep. Winston, and the resolu-
tion, as amended was adopted.
There are on hand now, of the
stamps referred to, the following
amounts: Packages contain 250
sheets each, and there are 50
stamps to the sheet:

	Face Value
38 pkgs 2 cent stamps	\$ 9,500.00
25 " 5 " "	15,625.00

Under a suspension of the rules,
Rep. Robertson presented the re-
port of the Judiciary Committee
on House Bill No. 32, relating to
appeals. A substitute bill was
recommended and passed first and
second readings.

The Senate's request that a joint
conference committee be appoint-
ed to consider the act referring
to land titles, etc. was acceded to.
Recess taken to 1:30 at 12:03.

Arrival of the Norma.

The little schooner Norma,
Captain Rosehill master, arrived
in port early this morning, ninety
days from Kusaie in the Caro-
line Islands. She is owned by
Mr. Rowell of Honolulu, and has
been on a trading voyage in the
South Seas. The captain is ac-
companied by his wife and three
children. One of the crew is Joe
Cook, a brother of Mr. Cook of
the customs force.

The captain reports a suc-
cession of light winds and calms un-
til last week, when he caught the
N. E. trades. On May 7, in Lat.
34 deg. N. Long. 158 deg. 44 min.
W., the bark H. Hackfeld was
sighted, and on the 17th, in 26
deg. 39 min. N. and 157 deg. 2
min. W. the barkentine Amelia
was passed.

The schooner Viking, which ar-
rived in San Francisco lately, had
been on a reef at one of the is-
lands, and the Norma leaving
sometime before her, a package of
letters was taken by Captain Rose-
hill to be mailed on arrival here
to the agents in San Francisco.
On arriving at the Coast, the
captain of the Viking was sur-
prised to hear that the Norma had
not yet turned up at Honolulu,
and consequently fears were felt
for the safety of the vessel.

A miscellaneous cargo was
brought by the Norma, consisting
of coconuts, wood, and curios of
the South Seas.

DEDICATION EXERCISES.

PAUHAU HALL FORMALLY AC- CIPED LAST NIGHT.

Addresses by President Dole, P. C.
Jones, W. R. Castle and Profes-
sor Hosmer.

A large number of people went
out to Oahu College last night to
witness the exercises in connec-
tion with the dedication of Pauhu
Hall, which took place in the
large assembly hall of the build-
ing. The room was crowded with
friends of the institution.

The exercises commenced with
an organ prelude on the new
Castle memorial organ by Prof.
A. B. Ingalls. Rev. Dr. Hyde de-
livered the invocation, followed
by a selection by the college glee
club.

Hon. P. C. Jones, the acting
treasurer of the institution, read a
financial statement showing the
actual cost of the building to be
\$78,684.05, which includes furni-
ture, electric light fixtures, etc.

The new college orchestra, led
by Professor Berger, then rend-
ered a pleasing selection which
was abundantly applauded.

President Hosmer then intro-
duced President Dole as the
speaker of the evening, calling
attention to the fact that it was
just fifty-five years to a day that
Rev. Daniel Dole, the president's
father, the first principal and one
of the founders of the college,
landed in Hawaii.

In his address President Dole
reviewed the history of the
institution from its inception at
length and his remarks were fre-
quently greeted with applause.

After another selection by the
glee club the keys of the building
were formally presented
to President Hosmer by
W. R. Castle, on behalf of the
Trustees. In his address Mr.
Castle paid a deserved tribute to
the generosity and foresight of
the Hon. Chas. R. Bishop and
gave the history of the building
of the Pauhu hall, closing with
the following words:

"To you, President Hosmer,
and to the Faculty of Oahu Col-
lege, on behalf of the Trustees
and of the holy cause of education,
is now delivered this building,
and with it you are charged with
the duty of making the name of
Pauhu Hall illustrious in the
maintenance of its noble purpose."

In a short and well-chosen ad-
dress on behalf of the faculty and
students Professor Hosmer ac-
cepted the keys and the trust
therein implied.

The exercises came to an end
with the singing of "God Bless Our
Native Land" by the audience
and glee club and the benediction
by Rev. Hiram Bingham. While
the audience were dispersing
Wray Taylor played a selection
on the organ.

PORTUGUESE ARE SOLID.

EDITOR BULLETIN:—The im-
ported dude of the Star sees fit to
pile abuse on Mr. Vivas as presi-
dent and leader of the Uniao Por-
tuguesa, but of course it would sur-
prise anyone were he to receive
any different treatment from that
sheet. It is merely a repetition
of the mean spite exhibited by the
same so-called newspaper when
the circus people refused to ad-
vertise in its boiler-plate columns.
When one is wrong and has got
the worst of an argument, it is
truly safe tactics to abuse the op-
posite side.

Notwithstanding whatever per-
sonal spite the dude has against
Mr. Vivas (on account of the lat-
ter's courage in telling him to his
face what he thought of him) we
assert that Mr. Vivas is not the
self-elected or self-imposed presi-
dent of the Uniao Portuguesa, but
he is its duly and unanimously
elected president, and if he takes
a leading part, it is because he is

so requested by the Central Com-
mittee of twenty-one, on account
of his independent situation.

The dude lies when he in-
sinuates that the movement
"would be stopped with the sud-
denness of a launch steaming
against a stone wall by satisfying
Vivas." Of course, the dude
speaks from his own experience
and knows "how it is done,"
when his anti-asiatic and anti-
coolie speeches in the American
League were "stopped with the
suddenness of a launch, etc."
Where, oh where are the great anti-
asiatic spouters of former days,
the Emmeluths, the Kinneys, the
Towses, et ho genus omne? And
even should Mr. Vivas prove to be
an apt pupil of the dude and be-
come "satisfied," yet to the rest of
us it would only be a matter of a
man overboard and the ship
would continue on its course with
the captain and crew on board
and all sail set. And the port
of destination will be
reached, and don't you forget it,
Mr. Dude of the Star, despite your
slurs and unmanly sarcasm.

And now comes the degraded
Advertiser pretending to ignore
what Mr. Vivas wants and what
the 13,000 Portuguese in Hawaii
want. How cynical and fallacious
are the organ and its sugar mas-
ters. We do not expect to receive
justice or our rights at the hands
of the sugar barons, but we do
look to that government, which
we so largely helped to establish,
to enquire into our grievances and
legislate in our favor. Yes, it is
the government now run by the
same people whom we supported
since 1887, and that without an
axe to grind or without the ex-
pectation of receiving soft snaps
in the way of government billets.
We were led to believe that this gov-
ernment was to be a government
of the people, by the people and
for the people, and not a govern-
ment of the planters, by the planters
and for the planters. But now
we find the people of this country
may be killed off by cholera,
smallpox or the black plague, its
working class and native popula-
tion starving and gradually being
wiped off the face of the earth,
yet it does not matter so long as
the planters are satisfied and
coining gold by the help of their
hordes of Asiatic slaves.

We have adopted this as our
country, and intend to stay here
with our wives and families and
we shall insist on having a fair
deal in regard to the Asiatic and
taxation questions. This is our
home, and not Oakland, San
Francisco, Washington, Liver-
pool, Bremen or Paris. Let the
sugar barons live abroad if they
choose, we have come to stay and
intend to attain the aims of our
Union despite the sneers and
laughs of a hundred Stars and
Advertisers.

We do not propose to occupy
your valuable space in arguing
against the Advertiser's nonsense,
in its editorial of yesterday, but
simply deny that the sum of
\$10,244.34 paid as taxes on real
estate by Portuguese, represents as
the organ asserts, over \$1,000,000
in capital value. Nothing of the
kind, they have paid their taxes
at the rate of 2 per cent on their
small holdings, while the organ's
masters have paid at the utmost
4 per cent, if not 4 per cent on
their plantations.

Will Have a Stage.

Price and Burns have not only
purchased a lot of entirely new
properties, trappings and so forth,
for their show, but have had a
large stage built with appropriate
scenery, for the purpose of pro-
ducing a first rate vaudeville per-
formance. Several of the mem-
bers of their company have per-
formed at various American and
European theatres and can give
an excellent entertainment of that
nature.

An enormous program is on for
Saturday night. While there is
such a lack of amusements here
the Price - Burns combination
ought to be well patronized.

IN THE HIGHER COURTS.

JEN SAO ON TRIAL FOR THE SECOND TIME.

Judge Carter Sustains the Demurrers
in the Suits Against Mrs. Afong
and A. S. Humphreys.

The second trial of Jen Sao,
charged with conspiracy to import
opium, is on today before Judge
Perry and a jury.

The case of Colburn vs. Kepoi-
kai is set for trial before Judge
Carter tomorrow at 9 a. m.

Judge Carter will hear on Mon-
day the petition for the appoint-
ment of a guardian of Kaohimau-
nu and others; also the petition
for final accounting and discharge
of administrator in the estate of
A. McIntyre.

Judge Perry will hear a prelimi-
nary motion in the bankruptcy
case of Chun Wah Sing on Tues-
day at 10 a. m.

In the case of Emmeline M.
Magoon et al. vs. Julia C. Afong
et al., a bill in equity for an ac-
counting and appointment of a
trustee under two certain deeds of
trust, Judge Carter has filed a
long decision sustaining most of
the contentions made by defend-
ants' attorneys on demurrer. The
Court says:

"Upon the propriety of the
amendment, I have already held
that it did not make out a new
case and was properly made.

"Upon the question of non-
joinder I am of the opinion that
Henrietta Whiting and Fong Afong
are necessary parties. Their rights
in the subject matter and object
of the bill are identical with some
of the complainants and the
respondents have the right to re-
quire that they should be joined
for their own protection under a
decree made, and to prevent sub-
sequent suits involving the ques-
tions litigated now. Mr. Afong
receives certain rights under the
trust deeds and he also is a nec-
essary party. No excuse for non-
joinder is alleged except their ab-
sence from the country.

"The bill is multifarious in that
it seeks to procure an account
from Maria Humphreys and her
husband for the same fund.

"The complainants declare and
rely on the trust deeds and they
cannot contradict and vary the
same by parol. The allegations
or former marriage and illegitim-
acy do contradict the deeds and
are demurrable.

"Demurrers are sustained with
leave to the complainants to
amend."

KILLED BY THE CARS.

An Railway Brakeman Meets His
Death Through Accident.

Frank Rodrigues, for five years
an employe of the O. R. and L.
Co., met with an untimely end
this morning while performing
his duty as brakeman, on the
mixed train which leaves
Honolulu for Waianae at 9:15 a.
m. The train was being made up,
Rodrigues assisting, and in mak-
ing ready to couple up two sugar
cars, he stepped upon a loosened
bag and slipped, falling off the
end of the car, which ran over his
body, killing him instantly. His
right leg was broken in two
places, his left in one and his
right arm nearly torn off. Be-
side this his left foot was horri-
bly mangled. The upper portion
of his body was almost entirely
uninjured so that there was no
disfiguration of the face.

He uttered no cry but the
vigilant fireman and engineer
were both on the look out and
although neither of them suspect-
ed an accident the train was imme-
